To:CERI NetOps <netops@memphis.edu>;

Hello,

Here is an event timeline for events in ComCat, that uses the "includesuperseded" event web service parameter I mentioned at the NetOps meeting:
https://jmfee-usgs.github.io/comcat-timeline/timeline.html

The source is also on github if you'd like to take a look, add any comments, or even submit a pull request with changes:
https://github.com/jmfee-usgs/comcat-timeline

Thanks,

Jeremy
