

RRC Meeting Agenda
8/31/2007, 8:30AM
CERI Seminar Room

1. Discuss Charge to Committee
2. Review Previous Work
3. Maximum magnitude for this plan
4. Next steps
 - a. Flesh out talking points
 - b. Produce complete talking points for scenario and/or past significant event
 - c. Development and tools to streamline, reduce effort and time, provide means for several to contribute or produce.
5. Anything to do about volunteers? Keep organizers/leaders in the loop?
6. Do we have anything to do with clearinghouses? What about Amateur Radio connection?
7. Dry run (i.e. drill)
8. Do we need to develop or suggest development of a Continuity of Operations Plan?

Charge: Continue to modify an action plan for CERI following felt earthquakes in terms of instrument deployment and the role of CERI following earthquakes that draw considerable media attention. Evaluate the response following a media intensive earthquake and/or instrument deployment.

Duration: ongoing

Reporting: November and May
